

Accenture Externship Program

The **Accenture Virtual Externship** supporting the **Columbus, Detroit, Milwaukee and Minneapolis** offices is a one-week professional experience where participants can explore the world of technology innovation and business consulting! Join us and leave with the know-how to jump into a tech career.

Students will participate in learning sessions, networking, engagement activities and a case competition; focused on how technology can solve pressing business challenges. Students will build their business network while gaining early exposure to internship and full-time opportunities in Columbus, Detroit, Milwaukee and Minneapolis.

Accenture's ambition is to be the most inclusive and diverse company in the world, and we are accelerating a culture of equality to ensure all our people feel they belong and can advance and thrive. If you have not thought about Accenture in the past. ***Now is the time.***

Join us, let's do incredible things.
